

3rd Meeting of the TRUST Project Consortium (Paris Meeting)

The Partners of the TRUST (digital TuRn in EUrope: Strengthening relational reliance through Technology) met for the 3rd Scientific Board and Steering Committee Meeting, in the campus of Télécom SudParis, Evry (Essone) on the 15th and 16th of September of 2022.

TRUST is a Horizon 2020 – MSCA (Marie Skłodowska-Curie Actions) – RISE (Research and Innovation Staff Exchange) program aimed at understanding the role of trust in the implementation of blockchain technology and suggesting actual means of development. The project promotes interdisciplinarity and secondments of staff between academic and non-academic partners.

3rd SCIENTIFIC BOARD MEETING, Télécom SudParis, Evry, 15th of September 2022.

During the Scientific Board Meeting, the leaders of each Work Package, as well as the main Task leaders, updated all the meeting participants on past and forthcoming activities of the project. The members of the Advisory Board were also invited to the first day of the meeting, in which they discussed with all the participants some topics related to their activities, as well as their impressions about the OSF (Open Science Framework) platform, presented to all the participants of the project during the morning session. The first day of the meeting concluded with a networking session in which additional members from IMT and Montimage, as hosts of the meeting, exchanged with the project representatives, followed by a social dinner event that took place in downtown Paris, in order to foster further synergies among the partners and participants of the (brokerage) networking session.

The second day of the meeting resumed with a meeting with the members of the Steering Committee and a seminar about Open Science, presented to the audience as the 2nd Trust project Seminar on Transversal skills.
